

The 2nd International Symposium on Medical Decision Science (ISMDS2024)

February 14-17, 2024, Chiang Mai, Thailand

Student Essay Prize Competition (physical and online)

Brief Introduction

2nd International Symposium on Medical Decision Science (2024) will take place in Chiang Mai, Thailand, February 14-17. This award is open to undergraduate students, graduate students, and PhD students (around the world) who have inventions in the field of health and medical informatics. We encourage students to submit and present their papers as the first author. For the student essay prize competition, a full paper must meet the following criteria.

Evaluation Content

- Originality and interesting of topic
- Suitability and clarity of methodology
- Clarity in writing, tables, graphs and illustrations
- Oral Presentation skills

Rules of eligibility for the Student Essay Prize competition

- ✓ All students will be divided into three groups: Undergraduate, Master, and Ph.D.
- ✓ Each presenter must have been enrolled in an educational program.
- ✓ The student must present an oral presentation and be registered at the meeting.

Submission Deadline: December 31, 2023

If you want to join in the Student Essay Prize Competition, please announce that when you submit your paper.
