MEMORANDUM OF UNDERSTANDING
BETWEEN

Medical Decision Science Association of Taiwan (MDSAT) And Mongolian Association of Obstetrics Gynecology and Neonatology(MOGNA)

MDSAT, Medical Decision Science Association of Taiwan (MDSAT) was founded in 2022 as an international and professional research organization. The mission of MDSAT is to improve the quality of health care and promote practice and research rigor in medical decision making throughout the world. Additionally, MDSAT is actively pursuing industry-university collaboration initiatives to benefit society by applying the medical informatics and information technology developed for clinical services and researches. MDSAT has its headoffice located at : 8F.-2, No. 78-7, Defu Rd., South Dist., Taichung City 40202, Taiwan. **(herinafter referred to as "MDSAT").**

and

MOGNA, Mongolian Association of Obstetrics Gynecology and Neonatology(MOGNA) was founded in 2016 as a professional research organization. The mission of MOGNA is to upgrade the practice of obstetrics and gynecology and neonatology education, training and research to maintain a high standard of professionalism and ethical adherence. MOGNA has its headoffice located at : ZORIG STREET, Ulaanbaator hota, Mongolia, 16050. (herinafter referred to as **"MOGNA").**

Background

MDSAT and MOGNA have a mutual desire to establish, promote, and intensify research collaboration and exchange in areas of medical decision and population health research, and wish to enter into an arrangement to initiate international collaborations, exchanges and visits, in areas of mutual interest and benefit:

(a) by MDSAT members and staff to the MOGNA; and

(b) by MOGNA members and staff to MDSAT.

MDSAT and MOGNA anticipate that these collaborations, exchanges and visits will facilitate the following objectives:

(a) the establishment of joint projects between MDSAT and MOGNA in areas of mutual interest in the field of medical decision and population health research; and

(b) potential extension of collaboration in educational training in the fields of medical decision and population health research.

Key principles

The formal terms of collaborations in this document is summarised as follow:

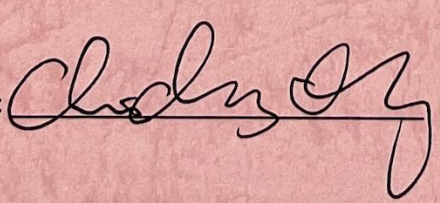

1. Visits and Exchanges.
   (a) MDSAT and MOGNA will identify appropriate opportunities in areas of mutual interest for their respective members and staff to visit the other participant's premises.
   (b) The purpose of the visit or exchange will be decided on an annual basis, and should reflect or facilitate the objectives described above.
   (c) Each participant must ensure that its visiting members or staff comply with the reasonable and lawful directions of the host participant, particularly in relation to health and safety, security, confidentiality and compliance with any applicable laws or codes of conduct.
   (d) The costs for such a visitor exchange must be determined on a case-by-case basis. However, each participant will remain responsible for their salary or similar costs and for the actions of their members or personnel.

2. Confidentiality. The Arrangement will include mutual confidentiality obligations ensuring that each participant keeps the confidential information of the other participant confidential and does not misuse that information.

3. Intellectual Property. The ownership of any intellectual property resulting from the visit or exchange of a participant's members or staff must be decided on a case-by-case basis, but should, in general, reflect the purpose of the visit.

This MOU will become effective upon the date of signature by both parties and shall remain valid for a period of five (5) years from the date of the last signature, with the understanding that it may be modified only by the written mutual consent of both parties. Either party may terminate this MOU with advance written notice to the other party of at least thirty (30) days.

This MOU is hereby signed in two (2) copies with one (1) copy remaining in the possession of each party.
